## **CAMPUS COLLECTIVE: AGENT ROLES & RESPONSIBILITIES**

### **Our Mission:**

At Campus Collective, our duty is to make campus life easier for students. We assist students in finding suitable accommodations, applying to universities, and navigating the various challenges of student life.

### **Your Role as an Agent:**

As an agent, you are the face of Campus Collective. Your primary goal is to identify students in need of services and guide them through our support system.

You are to upload every student that you recruit in the official campus collective website for tracking and data collection.

### **Commission Structure:**

- Recruitment commission is **not a fixed amount** and varies based on the specific accommodation or service provided.
- There is a guaranteed **minimum of R 150.00** per successful recruitment, with the potential for higher earnings.

### **Future Benefits & Growth:**

As Campus Collective grows, our agents will enjoy exclusive benefits, including:

- Fun recreational activities and team-building trips.
- High school outreach programs where you will advise Grade 12 learners on varsity life.
- Opportunities to assist learners with college and university applications.
